

# Dublin San Ramon Services District

**About** Dublin San Ramon Services District (DSRSD) provides water service to Dublin and the Dougherty Valley area of San Ramon, wastewater collection and treatment to Dublin and south San Ramon, and wastewater treatment to Pleasanton (by contract). We are proud to be a Dublin Green Shamrock Business and an Alameda County Certified Green Business. Protecting public health and the environment is a major part of our mission. Through sound planning, efficient operations, and long-term investment, we ensure reliable water service and safely manage the community's wastewater. DSRSD is an independent special district governed by an elected board of directors. The public is welcome at all board meetings. Check the [online calendar](#) for details.

## Achievements

- Drinking water consistently meets all [safety requirements](#)
- Recycled water satisfies over 20% of community's water needs
- Our customers' [response to the drought](#) is among the best in state
- More than a third of customers use our [AquaHawk](#) portal to monitor their water use
- Any resident can pick up [free recycled water](#) for landscaping
- Methane recovered and blended with natural gas generates 75% of electricity used at wastewater treatment plant
- Run 10,000 laboratory tests every year to protect public health and environment
- Work proactively with [businesses](#) to keep toxics out of public sewers, and thus out of treated wastewater that flows to the Bay
- Earned Special District Leadership Foundation's [Transparency Certificate of Excellence](#)
