

# Erik's DeliCafé

**About** The Seeley family purchased two local Erik's DeliCafés in 2013 after many years of enjoying their warm and comfortable, fast, fresh and delicious soups, salads and Sandwiches with Character. We made a commitment to provide the best possible, fast, casual dining experience to our extended family and friends in Dublin and San Ramon. Erik's DeliCafé is committed to providing sandwiches made with high quality meats, cheeses and produce. Slow-simmered soups, fresh salads, and bakery goods are made from scratch using Erik's family's recipes, using only the freshest ingredients. Erik's DeliCafés corporate partners pay attention to being eco-friendly and giving back to the community.

## Achievements

- Use biodegradable straws, containers, and to-go utensils
- Use containers that are recyclable and/or compostable
- Use green chemicals for cleaning supplies
- Use recycled paper for menus and other service products
- Minimize waste by using washable plates, silverware, and mason jars
- Partner with environmentally conscious companies, such as our printing company
- Use energy efficient CFL's or LED's
- Use motion detector lights in restrooms
- Employees separate glass, cans, plastics, and cardboard for recycling
- Paper towels use chlorine-free, unbleached, recycled paper
- Use of hybrid vehicles in our daily activities
