

STAFF REPORT CITY COUNCIL

DATE: December 19, 2017

TO: Honorable Mayor and City Councilmembers

FROM: Christopher L. Foss, City Manager

SUBJECT: Annual Report of Developer Impact Fee Funds Deposits: Pursuant to Government Code Sections 66002, 66006 and 66008 (AB 1600)
Prepared by: Lisa Hisatomi, Assistant Administrative Services Director/Bu

EXECUTIVE SUMMARY:

State law requires the City to review and report on an annual basis the status of Development fees collected to finance public improvements. This report covers activity which occurred in these funds during Fiscal Year 2016-17. The analysis has determined that all funds held for more than five years are necessary to complete identified projects.

STAFF RECOMMENDATION:

Accept the report, adopt the **Resolution** Making Findings Regarding Unexpended Traffic Impact Fees for Fiscal Year 2016-17, and approve the budget change.

FINANCIAL IMPACT:

The financial impacts and accounting for the Development Fees are discussed as part of the Staff Report. The recommended budget changes are funded from impact fee funds (Eastern Dublin Traffic Impact Fee Category 2 and Fire Impact Fee) to reduce impact fee Rights to Reimbursement for Fiscal Year 2017-18, and for the utilization of Mitigation Funds collected. There is no impact on the General Fund.

DESCRIPTION:

Cities are authorized under State Law to require development applicants to contribute fees toward off-site public improvements, which are needed as a result of new development. The City is required to disclose annually the status of funds held for this purpose. The report provides information covering the period from July 1, 2016 through June 30, 2017 (Attachment 1).

Requirements of Law

The law requires the City to review, on an annual basis, the status of development fees collected. The law also provides for a report to be made available within 180 days from

the end of the Fiscal Year. In addition, Government Code Section 66006(b)(2) requires the report to be included on the City Council meeting agenda at a public meeting not less than 15 days after the information was made available. In the event any fees remain unexpended for more than five years, the City Council must adopt a Resolution making certain findings related to the continued need for the funds to complete the improvements. If findings are not made to support the retention of the funds, the unexpended fees must be returned to the current owners of the subject property.

Major Components of the Report

The Fiscal Year 2016-17 Annual Report of Developer Funds is included as Attachment 1. The law requires disclosure of numerous details with respect to activity in these accounts. This includes: beginning and ending balances; collections for the year; expenditures for the year; interest earned; and any refunds. This report is providing information on the following funds:

FUNDS ACCOUNTED FOR IN REPORT (ATTACHMENT 1)

- Eastern Dublin Traffic Impact Fees
- Western Dublin Transportation Impact Fees (Downtown Traffic Impact Fees)
- Public Facilities Impact Fees
- Fire Impact Fees
- Tri Valley Transportation Development Fees
- Category 3 Regional Traffic Impact Fees
- Pass Through Fees: (Freeway Interchange Fees / BART Garage)
- Dublin - Contra Costa County Traffic Impact Mitigation Fees

The following is a high-level summary of the activity for the year including the beginning and ending balances:

ANNUAL REPORT OF DEVELOPER FEES BY CATEGORY (7/1/2016 - 6/30/2017)

IMPACT FEE CATEGORY	Beginning Balance (7/1/2016)	Additions: Fees Collected; Interest Revenue	Expenses: Project Costs; Interest; Loan Repayments; Pass-Through	Ending Balance (6/30/2017)
Public Facility Fees	\$26,162,969.63	\$10,795,936.92	(\$20,904,201.79)	\$16,054,704.76
Fire Impact Fees – Advance Owed to General Fund	(\$80,673.13)	\$167,349.11	(\$4,997)	\$81,678.98
Traffic Impact Fees	\$19,807,369.00	\$7,553,974.67	(\$2,169,066.69)	\$25,192,276.98
TOTAL	\$45,889,665.50	\$18,517,260.70	(\$23,078,265.48)	\$41,328,660.72

It is important to note that these fees are restricted and can only be used for the capital related purposes for which they have been collected. Given the multi-year nature of the capital projects to be financed, it is expected that funds will be accumulated and used based on the construction timing. During Fiscal Year 2016-17, the net balance of all funds reported decreased by approximately \$4.56 million which was largely attributable to Public Facility Fee and Traffic Impact Fee funds collected, and the utilization of Public Facility Fees to fund the construction of Emerald Glen Park Recreation and Aquatic

Complex and Fallon Sports Park. The ending combined balance of \$41.3 million is net of negative balances. A detailed accounting for each of the major categories is shown in the schedules included in Attachment 1.

The Fire Impact Fee Fund has paid off the funds advanced for the construction of Station 17 in Fiscal Year 2016-17.

Funds Remaining Unexpended More Than 5 Years After Being Collected

One of the provisions in the State law regulating development fees is to regularly review funds collected and held for more than five years without being expended. The law requires the City Council to make certain findings in order to continue to hold fees collected and unexpended for more than five years. The following table summarizes the accounts with contributions which have remained unexpended for more than five years.

SUMMARY OF ACCOUNTS WITH FUNDS REMAINING UNEXPENDED FOR FIVE YEARS OR MORE AFTER THEY WERE COLLECTED

Source of Fee	Fees Unspent For More Than 5 Years as of 6/30/17	Developer Fees Unspent For Less Than 5 Years	Accumulated Interest	Total Designated As of 6/30/2017	Remaining Project Costs
<u>Mitigation Funds:</u> Central Parkway & Sybase Drive Traffic Signal	\$55,500.00	None	\$9,393.44	\$64,893.44	\$400,000.00
<u>Mitigation Funds:</u> Scarlett Drive Extension (Dublin Blvd to Dougherty Rd)	\$28,801.83	None	\$94,132.28	\$122,934.11	\$12,165,692.00
<u>Eastern Dublin TIF 2</u>	\$33,487.34	\$5,001,182.68	\$169,175.21	\$5,203,845.23	\$20,265,000.00
<u>Western Dublin TIF</u>	\$103,558.96	\$1,453,188.00	\$89,915.76	\$1,646,662.72	\$912,746.00

Staff recommends using the Mitigation Fund balance for Scarlett Drive Extension, and the fees collected plus interest to fund part of the Dougherty Road Improvements project costs (st0911) including a budget increase of \$122,934.11.

Proposed Resolution Making Necessary Findings

To be able to retain fees longer than five years, certain findings must be made by the City Council. Without this action, the fees would need to be refunded. All fees summarized in the previous section of this report have identified projects that will require the funding in the future. The funding needed includes the accumulated interest, which is expended only on the authorized projects. The City continues to allocate interest on the balances retained. Staff has identified the findings necessary as part of the attached Resolution (Attachment 2). Adoption of the Resolution allows the City to continue to retain the fees to fund the projects for which they were collected.

Right to Reimbursement

As part of the Consolidated Impact Fee Administrative Guidelines, there are provisions for the City to annually evaluate impact fee balances held by the City. Staff is to evaluate possible use of funds collected to reduce Impact Fee Credits that have converted to a Right to Reimbursement (RTR).

When a developer is granted an Impact Fee Credit, the initial “credit period” is for 10 years. During that time the credit can be applied against fees owed. At the end of the “credit period”, a developer has an option to extend the “credit period” in perpetuity or convert to a RTR. The RTR continues for 10 years, and any unpaid amount is forfeited at the end of the RTR period.

The following is a summary of current impact fee RTR balances and the proposed RTR disbursement amount for Fiscal Year 2017-18:

Impact Fee Fund	RTR Balance	RTR Disbursement \$	FY 2017-18 Budget	Budget Change
Eastern Dublin TIF1	\$568,121.26	\$400,000.00	\$400,000.00	
Eastern Dublin TIF2	\$2,397.77	\$2,397.77		\$2,397.77
Fire	\$1,732,056.11	\$81,678.00		\$81,678.00

NOTICING REQUIREMENTS/PUBLIC OUTREACH:

Government Code Section 66006(b)(2) requires the report to be included on the City Council meeting agenda at a public meeting not less than 15 days after the information was made available. Staff previously made available to the public a draft copy of this report on Monday, December 4, 2017. The Government Code Section requires that the notice of the meeting shall be mailed, at least 15 days prior to the meeting, to any interested party who files a written request with the local agency for mailed notice of the meeting. The Administrative Services Department mailed notices to interested parties who have filed requests in the past.

**SECTION 2
DESCRIPTION OF IMPACT FEES**

A. DESCRIPTION OF THE CITY’S IMPACT FEES

The City of Dublin has established the following Impact Fees and Traffic Mitigation Contributions:

- Eastern Dublin Traffic Impact Fees
- Western Dublin Transportation Impact Fee (Downtown Traffic Impact Fee)
- Public Facilities Impact Fees
- Parkland Dedications
- Fire Impact Fees
- Tri Valley Transportation Development Fees
- Freeway Interchange Fees
- Dublin – Contra Costa Traffic Impact Mitigation Fees

These impact fees were established to pay for the design, development and construction of public improvement projects for: streets; public facilities; parks; fire capital expansion projects and community amenities.

B. AMOUNTS CHARGED BY THE CITY FOR IMPACT FEES AND PUBLIC IMPROVEMENTS FUNDED BY THESE FEES

The amounts charged for the impact fees noted above are dependent upon the type and size of a particular development and were based upon related studies, conducted prior to the adoption of the fees. The City Council has adopted and imposed the subject fees through the passage of the following resolutions. These fees are updated on an annual basis based upon various cost indexes described in further detail as part of the resolutions for these fees:

Impact Fee	Resolution / Ordinance
Eastern Dublin Traffic Impact Fees (Includes BART Garage Pass-Through)	Resolution 225-99 Amended by Resolution 40-10, 111-04
Western Dublin Traffic Impact Fee (Downtown Traffic Impact Fee)	Resolution 210-04 Amended by Resolutions 147-16, 47-09
Public Facility Impact Fees	Resolution 32-96 Amended by Resolutions 110-17, 134-15, 45-09, 214-02, 60-99
Park Land Dedications	Chapter 9.28 Dublin Municipal Code Amended by Ordinances 08-17, 08-15
Fire Impact Fees	Resolution 37-97 Amended by Resolutions 111-17, 77-05 12-03, 208-00, 46-09
Tri-Valley Transportation Development Fees	Resolution 89-98 Amended by Resolutions 68-15, 87-03, 85-99
Pleasanton Interchange Fees	Resolution 11-96 Amended by Resolution 155-98
Dublin – Contra Costa Traffic Impact Mitigation Fees.	Resolution 74-00 and Contra Costa County Ordinance No. 2000-24

The studies and supporting documentation presented or adopted as part of the resolutions noted above identify the public improvements that those fees will be used to finance. These studies also show that there is a reasonable relationship: a.) between the fees’ use and the type

SECTION 2
DESCRIPTION OF IMPACT FEES

of development project on which the fee is imposed; and b.) between the need for the public facility and the type of development project on which the fee is imposed.

**SECTION 3
STATUS OF FUNDS**

A. INTERFUND LOANS AND TRANSFERS OF IMPACT FEES

No inter-fund loans or transfers of impact fees were granted to other funds during Fiscal Year 2016-17. The Fire Impact Fee Fund has paid off the advance / loan from the General Fund in Fiscal Year 2016-17.

B. ANALYSIS OF FEES LEVIED AGAINST DEVELOPMENT PROJECTS IN ACCORDANCE WITH SEC. 66001 OF THE (CGC) AND UNSPENT AFTER 5 YEARS

The purpose of the review was to identify monies that have been collected and held for a period of more than five years and to make appropriate disclosures.

The City of Dublin has analyzed the balance of monies held, at the beginning of Fiscal Year 2016-17 (July 1, 2016). The balances were evaluated based on “developer fees collected” separate from interest revenue. As of July 1, 2016 there were two projects involving the use of Traffic Mitigation Contributions, which have developer fees that continued to be held for more than five years. The Projects are included in the adopted City of Dublin Five Year Capital Improvement Program 2016–2021. In accordance with State Law, the City Council has previously adopted Resolution #178-16 on December 20, 2016 declaring the need to continue to maintain the funds. Based on expenditures during Fiscal Year 2016-17, as of June 30, 2017, there are two projects that use Traffic Mitigation Contributions, Eastern Dublin Traffic Impact Fee Category 2, and Western Dublin Transportation Impact Fee that have developer funds collected and held for more than five years. Details related to the projects which have funds held for more than five years are identified below:
