

STAFF REPORT CITY COUNCIL

DATE: December 17, 2019

TO: Honorable Mayor and City Councilmembers

FROM: Christopher L. Foss, City Manager

SUBJECT: Annual Report of Developer Impact Fee Funds Deposits: Pursuant to Government Code Sections 66002, 66006 and 66008 (AB 1600)
Prepared by: Lisa Hisatomi, Assistant Administrative Services Director

EXECUTIVE SUMMARY:

State law requires the City to review and report on an annual basis the status of Development fees collected to finance public improvements. The report covers activity which occurred in these funds during Fiscal Year 2018-19. The analysis has determined that all funds held for more than five years are necessary to complete identified projects.

STAFF RECOMMENDATION:

Accept the report, adopt the **Resolution** Making Findings Regarding Unexpended Traffic Impact Fees for Fiscal Year 2018-19, and approve the budget change.

FINANCIAL IMPACT:

The financial impacts and accounting of development impact fees are discussed as part of the Staff Report. The recommended budget change is funded from impact fee funds to reduce impact fee Rights to Reimbursement for Fiscal Year 2019-20. There is no impact on the General Fund.

DESCRIPTION:

Cities are authorized under State Law to require development applicants to contribute fees toward off-site public improvements, which are needed as a result of the new development.

Requirements of Law

The law requires the City to review, on an annual basis, the status of development fees collected, and to provide a report 180 days from the end of the fiscal year. In addition, Government Code Section 66006(b)(2) requires the report to be included on the City Council meeting agenda at a public meeting not less than 15 days after the information was made available. In the event any fees remain unexpended for more than five

years, the City Council must adopt a Resolution making certain findings related to the continued need for the funds to complete the improvements. If findings are not made to support the retention of the funds, the unexpended fees must be returned to the current owners of the subject property.

Major Components of the Report

The Fiscal Year 2018-19 Annual Report of Developer Funds (Attachment 1) provides information covering the period from July 1, 2018 through June 30, 2019. The law requires disclosure of numerous details with respect to activity in these accounts. This includes beginning and ending balances, collections for the year, expenditures for the year, interest earned, and any refunds. For the purpose of this report, the City is providing information on the following funds:

FUNDS ACCOUNTED FOR IN REPORT (ATTACHMENT 1)

- Eastern Dublin Traffic Impact Fees
- Western Dublin Transportation Impact Fees (Downtown Traffic Impact Fees)
- Specific Project Mitigation Fund
- Public Facilities Impact Fees
- Fire Impact Fees
- Tri Valley Transportation Development Fees
- Regional Traffic Impact Fees Category 3
- Pass Through Fees: (Freeway Interchange Fees / BART Garage)
- Dublin - Contra Costa County Traffic Impact Mitigation Fees
- Dublin Crossing Transportation Fee

The following is a high-level summary of the activity for the year including the beginning and ending balances.

ANNUAL REPORT OF DEVELOPER FEES BY CATEGORY (7/1/2018 - 6/30/2019)

Impact Fee Category	Beginning Balance (7/1/2018)	Additions: Fees Collected; Interest Revenue	Expenses: Project Costs; Interest; Loan Repayments; Pass-Through	Ending Balance (6/30/2019)	Change
Public Facility Fees	\$18,170,209.77	\$ 7,182,990.27	(\$1,817,384.10)	\$23,535,815.94	\$5,365,606.17
Fire Impact Fees	\$144,168.13	\$135,868.88	(\$100,000.00)	\$180,037.01	\$35,868.88
Traffic Impact Fees	\$28,885,909.51	\$3,910,854.75	(\$4,157,863.15)	\$28,638,901.11	(\$247,008.40)
TOTAL	\$47,200,287.41	\$ 11,229,713.90	(\$6,075,247.25)	\$52,354,754.06	\$5,154,466.65

It is important to note that these fees are restricted and can only be used for the capital related purposes for which they have been collected. Given the multi-year nature of the capital projects to be financed, it is expected that funds will be accumulated and used based on the timing of construction. During Fiscal Year 2018-19, the net balance of all funds reported increased by approximately \$5.15 million, which was largely attributable to Public Facility Fee and Traffic Impact Fee funds collected during the year, and

expenditures such as the installment payment made for the Transit Center parkland acquisition, the Dublin Boulevard Improvements project costs, and the Dougherty Road Improvements project costs. The ending combined balance of \$52.35 million is net of negative balances. A detailed accounting of each of the major categories is shown in the schedules included in Attachment 1.

Funds Remaining Unexpended More Than Five Years After Being Collected

One of the provisions in the State law regulating development fees is to regularly review funds collected and held for more than five years and to make certain findings to continue to hold those funds. The following Table summarizes the accounts with contributions which have remained unexpended for more than five years.

SUMMARY OF ACCOUNTS WITH FUNDS REMAINING UNEXPENDED FOR FIVE YEARS OR MORE AFTER THEY WERE COLLECTED

Source of Fee	Fees Unspent for More Than 5 Years as of 6/30/2019	Developer Fees Unspent for Less Than 5 Years	Accumulated Interest	Total Designated As of 6/30/2019	2018-23 CIP Remaining Project Costs
Mitigation Fund: Central Parkway & Park Place Traffic Signal	\$55,500	None	\$9,497	\$64,997	\$400,000
Eastern Dublin TIF1	\$1,665,873	\$8,191,084	\$671,223	\$10,528,180	\$11,656,967
Western Dublin TIF*	\$288,714	\$1,184,322	\$146,208	\$1,619,245	\$1,059,498
Tri-Valley Transport. Development Fee	\$933,984	\$3,819,427	\$286,374	\$5,039,784	\$6,003,017

*8 projects in the fee programs will be undertaken beyond the current CIP time frame, totaling approximately \$12 million

Proposed Resolution Making Necessary Findings

To be able to retain fees longer than five years, certain findings must be made by the City Council. Without this action, the fees would need to be refunded. All fees summarized in the previous section of this report have identified projects that will require the funding in the future. The funding needed includes the accumulated interest, which is allocated to and expended on only the authorized projects. Adoption of the Resolution (Attachment 2) will allow the City to continue to retain the fees to fund the projects for which they were collected.

Right to Reimbursement

As part of the Consolidated Impact Fee Administrative Guidelines, there are provisions for the City to annually evaluate impact fee balances held by the City. Staff is to evaluate possible use of funds collected to reduce Impact Fee Credits that have converted to a Right to Reimbursement (RTR).

When a developer is granted an Impact Fee Credit, the initial “credit period” is 10 years.

During that time the credit can be applied against fees owed. At the end of the "credit period", a developer has an option to extend the "credit period" in perpetuity or convert to a RTR. The RTR continues for 10 years, and any unpaid amount is forfeited at the end of the RTR period.

The following is a summary of current impact fee RTR balances and proposed RTR disbursement amounts for Fiscal Year 2019-20:

Impact Fee Fund	RTR Balance	RTR Disbursement \$	FY 2019-20 Budget	Budget Change
Eastern Dublin TIF1	\$157,589.00	\$157,589.00	\$400,000.00	\$0
Fire	\$1,679,823.80	\$100,000.00	\$60,000.00	\$40,000.00

STRATEGIC PLAN INITIATIVE:

*Strategy 1: Assure the City's long-term financial sustainability;
Strategic Objective 1A: Maintain strong conservative fiscal policies.*

NOTICING REQUIREMENTS/PUBLIC OUTREACH:

Government Code Section 66006(b)(2) requires the report to be included on the City Council meeting agenda at a public meeting not less than 15 days after the information was made available. Staff previously made available to the public a draft copy of this report on Monday, December 2, 2019. In addition, the Government Code Section requires that notice of the meeting shall be mailed, at least 15 days prior to the meeting, to any interested party who files a written request with the local agency for mailed notice of the meeting. The Administrative Services Department mailed notices to interested parties who have filed requests in the past.

**SECTION 2
DESCRIPTION OF IMPACT FEES**

A. DESCRIPTION OF THE CITY'S IMPACT FEES

The City of Dublin has established the following Impact Fees and Traffic Mitigation Contributions:

- Eastern Dublin Traffic Impact Fees
- Western Dublin Transportation Impact Fee (Downtown Traffic Impact Fee)
- Public Facilities Impact Fees
- Parkland Dedications
- Fire Impact Fees
- Tri Valley Transportation Development Fees
- Freeway Interchange Fees

These impact fees were established to pay for the design, development and construction of public improvement projects for: streets; public facilities; parks; fire capital expansion projects and community amenities.

B. AMOUNTS CHARGED BY THE CITY FOR IMPACT FEES AND PUBLIC IMPROVEMENTS FUNDED BY THESE FEES

The amounts charged for the impact fees noted above are dependent upon the type and size of a particular development and were based upon related studies, conducted prior to the adoption of the fees. The City Council has adopted and imposed the subject fees through the passage of the following resolutions. These fees are updated on an annual basis based upon various cost indexes described in further detail as part of the resolutions for these fees:

<u>Impact Fee</u>	<u>Resolution / Ordinance</u>
Eastern Dublin Traffic Impact Fees (Includes BART Garage Pass-Through)	Resolution 225-99 Amended by Resolution 40-10, 111-04
Western Dublin Transportation Impact Fee (Downtown Traffic Impact Fee)	Resolution 210-04 Amended by Resolutions 147-16, 47-09
Public Facility Impact Fees	Resolution 32-96 Amended by Resolutions 110-17, 134-15, 45-09, 214-02, 60-99
Park Land Dedications	Chapter 9.28 Dublin Municipal Code Amended by Ordinances 08-17, 08-15
Fire Impact Fees	Resolution 37-97 Amended by Resolutions 111-17, 77-05 12-03, 208-00, 46-09
Tri-Valley Transportation Development Fees	Resolution 89-98 Amended by Resolutions 68-15, 87-03, 85-99
Pleasanton Interchange Fees	Resolution 11-96 Amended by Resolution 155-98
Dublin – Contra Costa Traffic Impact Mitigation Fees.	Resolution 74-00 and Contra Costa County Ordinance No. 2000-24

The studies and supporting documentation presented or adopted as part of the resolutions noted above identify the public improvements that those fees will be used to finance. These studies also show that there is a reasonable relationship: a.) between the fees' use and the type

SECTION 2
DESCRIPTION OF IMPACT FEES

of development project on which the fee is imposed; and b.) between the need for the public facility and the type of development project on which the fee is imposed.

**SECTION 3
STATUS OF FUNDS**

A. INTERFUND LOANS AND TRANSFERS OF IMPACT FEES

No inter-fund loans or transfers of impact fees were granted to other funds during Fiscal Year 2018-19.

B. ANALYSIS OF FEES LEVIED AGAINST DEVELOPMENT PROJECTS IN ACCORDANCE WITH SEC. 66001 OF THE (CGC) AND UNSPENT AFTER 5 YEARS

The purpose of the review was to identify monies that have been collected and held for a period of more than five years and to make appropriate disclosures.

The City of Dublin has analyzed the balance of monies held, at the beginning of Fiscal Year 2018-19 (July 1, 2018). The balances were evaluated based on “developer fees collected” separate from interest revenue. As of July 1, 2018, there was one project involving the use of Traffic Mitigation Contributions, which has developer fees that continued to be held for more than five years. There were also three impact fees that have developer fees that continued to be held for more than five years. The Projects are included in the City of Dublin Five Year Capital Improvement Program 2018–2023 Update. In accordance with State Law, the City Council has previously adopted Resolution #141-18 on December 18, 2018 declaring the need to continue to maintain the funds. Based on expenditures during Fiscal Year 2018-19, as of June 30, 2019, there is one project that uses Traffic Mitigation Contributions which has developer fees that continued to be held for more than five years. Eastern Dublin Traffic Impact Fee Category 1, Western Dublin Transportation Impact Fee, and Tri-Valley Transportation Development Fees also have developer funds collected and held for more than five years. Details related to the projects which have funds held for more than five years are identified below:
