

Historic Crossroads, Daniel Galves, John Pugh, and John Wehrle, 2003

“Historic Crossroads” is located on the freeway underpasses of I-680 at Dublin Boulevard and Amador Valley Boulevard. Created by a team of artists, these interior murals are presented in an illusionary arched colonnade to depict the 'story' of Dublin. It appears as though historical sub plots and figures are standing in front of the murals and around the columns. The timeline is often shuffled to lend itself to humorous juxtapositions.
