

# COVID-19 UPDATES & INFORMATION

## Special Notice to Dublin Businesses

June 5, 2020

### **Alameda County Health Officer Updates Shelter-in-Place Restrictions and Broadens Face Covering Order**

In two new orders issued today by Alameda County Health Officer Dr. Erica Pan, shelter-in-place restrictions are slightly relaxed, while face covering rules have been expanded.

Effective Monday, June 8th, the Shelter-in-Place Order will allow for:

- Small gatherings of individuals from different households to take place in outdoor settings, subject to certain conditions;
- Childcare workers to provide care to all children, not just children of essential workers; youth extracurricular activities may resume under certain conditions;
- Educational institutions to resume career internship and pathways programs;
- Libraries to open for curbside pickup of books and other media;
- Certain businesses providing services with limited person-to-person contact, including appliance repair and pet grooming services, to resume operations.

The Order also replaces the prior Order's Social Distancing Protocol with a [Site-Specific Protection Plan](#) for businesses allowed to operate under the Order. The Site-Specific Protection Plan provides clear guidance for reopening businesses in a manner that provides a safe, clean environment for employees and customers. The Site-Specific Protection Plan combines state-level and Alameda County Public Health Department guidance around risk assessment, individual control measures and screening, physical distancing, disinfecting and cleaning protocols, and employee training.

**All businesses allowed to reopen under the Alameda County Shelter-in-Place Order must complete the Site-Specific Protocol Plan and implement the applicable measures.**

### **Face Covering Rules Have Been Expanded**

A second Order issued today from Dr. Pan broadens the current Face Covering Order. The new Order goes into effect on Monday, June 8, and says that "face

coverings must be worn at all times by all members of the public, including outdoors while engaged in physical activities - walking, running, biking, etc. - and within 30 feet of people outside their household." However, a person is not required to wear a face covering during the entire duration of their activity but should carry a face covering for easy access should they come within 30 feet of another individual. Children under the age of 12 are not required to wear a face covering, and children two years old or younger should not wear a face covering. At this time, the following are still prohibited: outdoor restaurant dining, outdoor fitness classes, indoor retail, salons/barber shops, bars, nail/tattoo salons, massage salons, gyms, etc. These activities will resume in phases based on future relaxations to the Shelter-in-Place restrictions.
