

# COVID-19 UPDATES & INFORMATION

## Special Notice to Dublin Businesses

June 12, 2020

### Alameda County Health Officer to Allow More Activities Beginning June 19

Today, Alameda County Health Officer Dr. Erica Pan announced plans to allow more activities, including all retail, outdoor dining, outdoor museums, outdoor fitness, and limited religious services beginning on Friday, June 19, throughout Alameda County.

While pickup and delivery services are still encouraged, once the updated Order is issued next week, indoor and outdoor retail as well as outdoor dining will be allowed, as long as social distancing and safety measures are in place. These align with State guidelines. **These changes have not yet gone into effect and Health Order #20-14 (issued June 5, 2020) is currently still in effect.**

- Read today's [press release](#).
- Read the [Alameda County Reopening Plan](#).

#### Retail and Restaurants:

In alignment with the state's guidance, indoor and outdoor retail and outdoor dining will be allowed at reduced capacity to ensure physical distancing and safety plans are in place. (Residents and businesses are still strongly recommended to continue focusing primarily on pick-up and delivery options to limit lines and crowds.)

Restaurants will be expected to work with the [Alameda County Department of Environmental Health](#) and their respective cities on their outdoor operation plans.

#### Employee Health Screenings:

Employers are advised to implement COVID-19 health screenings before staff enter a facility to start their workday and employees must complete a self-assessment to ensure they do not go to work sick or during their infectious period after being exposed to or diagnosed with COVID-19.

Everyone is reminded to continue the consistent use of face coverings, maintaining physical distancing, and practicing good hand hygiene.

The virus that causes COVID-19 is highly infectious and it is critical that we take precautions to protect people who are at high risk for health complications or working in settings that expose them to more people. Employers have an important role in slowing the spread of COVID-19 and Employers are advised to support their employees in staying home if sick.

- Read the ACPHD Guidance for [COVID-19 Self-Assessment for Personnel](#).

### **Required Site-Specific Protection Plan:**

All businesses allowed to operate under the Health Officer Orders must complete the [Site-Specific Protection Plan](#) template and implement risk assessment and individual control measures, physical distancing, disinfecting and cleaning protocols, and employee training to prevent the spread of COVID-19.

**Additional local guidance to supplement the state's guidance will be available early next week** on the Alameda County Public Health Department (ACPHD) [website](#).
