

COVID-19 UPDATES & INFORMATION

DUBLIN BUSINESS BRIEF

August 6, 2020 Special Notice

Paycheck Protection Program Closes Saturday, August 8

If you are still planning to apply for a Paycheck Protection Program (PPP) loan, contact your lender and apply right away, as all PPP loans must be approved by August 8, 2020. Apply for a PPP loan through a participating lender.

The PPP loan may be fully forgiven if at least 60% of the funds are used for payroll costs during your "Covered Period;" eligible uses for the remaining funds are interest on mortgages, rent and utilities. Forgiveness is based on the employer maintaining or quickly rehiring employees and maintaining salary levels. Forgiveness will be reduced if full-time headcount declines, if salaries and wages decrease, or funds are used for ineligible expenses, such as to refinance other debt. If your PPP loan is not fully forgiven, the amount that is not forgiven will be rolled into a low interest (1%) two-year loan through the Small Business Administration (SBA).

Read the FAQ on the PPP on the SBA's [website](#).

Information about the PPP is also available in multiple languages on this SBA [webpage](#).

New Look for Alameda County's COVID-19 Website

Alameda County Public Health Department (ACPHD) launched a re-designed COVID-19 website. The new site offers streamlined menus, clear navigation for ease of use and language accessibility through a Google Translation box at the top right.

Digital Skills Programs for Job Seekers

Several corporations have recently announced initiatives to offer digital skills programs to job seekers:

Microsoft launched an initiative to help workers looking to re-skill and pursue an in-demand job that brings together resources from LinkedIn, GitHub and Microsoft. In addition, Microsoft is committing \$20 million in grants to help

nonprofit organizations worldwide assist the people who need it most.

Google recently announced a new suite of Google Career Certificates that will help Americans get qualifications in high-paying high-growth job fields, funding for 100,000 need-based scholarships and committing \$10 million in job training grants.

Resources from Autodesk

Autodesk is offering a portal that connects designers and manufacturers and includes several open source/ crowdsourcing groups addressing personal protective equipment and medical supply chain needs due to COVID-19. Autodesk is also offering a [free trial](#) of Fusion 360, a cloud-based collaborative solution for project design information.
