

# BUSINESS CONCIERGE PROGRAM

Helping Businesses Thrive in the New American Backyard

Dublin's Business Concierge Program offers fully personalized assistance for new and existing businesses for every phase of the business development process. The complimentary service brings together the City's Economic Development, community Development, Fire, and Public Works Departments.

We can provide you with:

- Individualized assistance to open or expand a small business in Dublin.
- A partner inside City Hall to guide you through the development process for tenant improvements or new construction.
- Connections to informational programs and resources for businesses.
