

COVID-19 UPDATES & INFORMATION

DUBLIN BUSINESS BRIEF

October 1, 2020 Special Notice

Additional Activities Permitted in Alameda County Starting Next Friday, October 9

Alameda County public health officials have determined that the following activities with restrictions as allowed by the State in the Red Tier may open on October 9 with appropriate safety measures in place.

Reopening Date	Sectors & Activities
10/9/20	<ul style="list-style-type: none">• Hotels & lodging for tourism: fitness centers and indoor pools restricted• Museums, zoos, & aquariums: indoors < 25% capacity• Personal care services: indoors with modification; services requiring removal of face covering prohibited• Libraries < 25% capacity• Gyms and fitness centers: indoors < 10% capacity; restrictions on aerobic exercise and classes• Outdoor film production per local guidance

Business operators should refer to the Health Order for full details including how it pertains to certain businesses.

Also, starting October 13, Elementary Schools that complete a COVID-19 health and safety reopening plan are permitted to open.

As COVID-19 still poses substantial risk to Alameda County residents and workers, the following updates to the Health Officer Orders represent a phased approach to opening to avoid dramatic increases in disease transmission and re-closures. On September 22, Alameda County moved into the Red Tier of the State's color-coded four-tier Blueprint for a Safer Economy. Local Health Officers may proceed more cautiously than the State allows, and Alameda County public health officials have used this time to carefully consider the risks associated with activities that may be permitted to open or expand under the Red Tier.

For the Health Order, a complete list of activities that are currently open and not open in Alameda County, as well as updated guidance effective 10/9/2020, please visit Alameda County Public Health Department's (ACPHD) Shelter in Place [webpage](#).

For County guidance documents and resources to support safe opening, visit ACPHD's Recovery [webpage](#).
