

COVID-19 UPDATES & INFORMATION

DUBLIN BUSINESS BRIEF

January 19, 2021 Special Notice

Employers Can Sign-up to be Notified About Vaccine Availability by Alameda County

Alameda County Public Health Department (ACPHD) has created registration forms for residents, employers, and health care providers to inform you when it is your turn to receive a COVID-19 vaccination. Please note, this is NOT a registration to receive vaccine.

The County is following the State's prioritization framework, which is based on Centers for Disease Control and Prevention (CDC) guidelines. How quickly the vaccine will be distributed to different groups will be based on the vaccine supply provided to the County.

The County is currently in the first phase (Phase 1A) of vaccine distribution and anticipates beginning Phase 1B in February (as vaccine supply allows). These confidential forms are not a registration to receive a vaccine but are to inform you of the status of distribution. Completing the form helps the County in its planning efforts. In the meantime, the County urges everyone to protect themselves from COVID-19 by wearing a mask, keeping a safe distance from others, avoiding crowds, and washing hands frequently.

Read the ACPHD's [press release](#).

For more information about the COVID-19 vaccines and when they might be available for different groups, visit ACPHD's [website](#).

Employers wishing to receive a notification of when vaccine might be available should use this online [form](#).

Second Round Begins February 2, 2021 for the California Small Business COVID-19 Relief Grant Program

The second round of applications for the State's COVID-19 Relief Grant Program

will open at 8:00 a.m. on **Tuesday, February 2** and will run through 6:00 p.m. Monday, February 8. Applicants who submitted all necessary documents in the first round and met eligibility requirements, but did not receive a grant, do not need to reapply; their applications will be rolled over for consideration in the second round.

California's Office of the Small Business Advocate (CalOSBA), announced that Round One received more than 300,000 completed applications. The application approval notifications will be sent out Friday, January 15 through Friday, January 22. Funds will be disbursed over a 45-day verification period beginning Friday, January 22.

The Small Business COVID-19 Relief Grant Program offers grants up to \$25,000 to micro and small businesses and nonprofits that have been impacted by the pandemic. It is not a first-come, first-serve program, nor a rolling approval process. Grants will be distributed across the state, with priority given to regions and industries impacted by the COVID-19 pandemic, disadvantaged communities and underserved small business groups. All applications will be considered and prioritized based on impact.

For more information on grant requirements and eligibility, visit the COVID Relief Grant [webpage](#).

Expand Your Small Business Online Presence

The Digital Bootcamp is a four-part series running **January 19 through February 9** to help you expand your online presence by launching and growing your online e-commerce store. This online series is hosted by the California Small Business Development Center (SBDC) and the California Office of Small Business Advocate (Cal OSBA).

Participating business owners will develop skills to drive traffic, grow on brand exposure, and reach larger audiences online while developing a strong understanding of the key elements needed to build and expand a robust e-commerce portal for their business.
