## DUBLIN POLICE HOLIDAY CRIME PREVENTION AND SHOPPING TIPS

### Protect Yourself and Your Valuables This Holiday Season

This holiday season, Dublin Police will have extra staff in busy shopping areas to ensure safety through

a Holiday Crime Suppression Detail. Officers will focus on preventing common holiday crimes and will patrol in marked and unmarked vehicles, on foot, and on bicycles. Additional patrols will also watch for impaired drivers to help keep everyone safe.

While shopping during the holiday season, it is easy to be forgetful about personal property and safety. As a result, people are vulnerable to theft and other crimes. Follow some easy steps to protect yourself and your property:

- Park your car in a well-lit area, as close as you can to the shops.
- Do not leave packages, shopping bags, or valuables in plain view in your car.
- Parked cars should have all windows tightly closed and all doors locked.
- Lock your packages and other valuables in your vehicle's trunk. If your automobile does not have a trunk, be certain that valuables are out of sight or concealed so they cannot be easily identified.
- Always be aware of your surroundings. Be cautious of strangers approaching you for any reason. Criminals often try various methods of distraction with the intent of stealing money or belongings.
- While inside stores, never place packages on the floor or counters, or leave them unattended when purchasing additional items.
- Always have your car keys readily available in your hand before you walk to your car; scan the interior of your car to be sure no one is hiding inside.
- Carry purses under your arms and carry wallets in an inside coat pocket or front pants pocket.
- Avoid carrying large amounts of cash. Whenever possible, pay for purchases with checks or credit cards.
- When you arrive home, remove all packages from your vehicle.
- Shoppers should report any suspicious activity to the police department by calling 9-1-1 or the non-emergency line at 925-462-1212.
- Remember, if you see something, say something.

Also beware of "porch pirates" who steal a homeowner's mail or packages. Consider investing in a personal package locker or an Amazon locker for package deliveries, or have your packages delivered to your workplace. For mail delivery, consider purchasing a mailbox that can be locked.

## KEEPING DUBLIN MOVING DURING POWER OUTAGES

Hydrogen Fuel Cell Backup Systems Enhance Dublin's Traffic Safety

When power outages occur, either planned or unplanned, ensuring traffic signals remain operational is essential for public safety. To address this need, the City of Dublin has installed hydrogen fuel cell backup systems at 11 major intersections across the community. These innovative systems provide up to 72 hours of continuous power, keeping traffic signals functioning during outages. Since becoming operational in April 2024, they have proven their value by maintaining traffic flow and safety at critical intersections, including Dublin Boulevard and Dougherty Road. For instance, during the October outages in Eastern Dublin and the Western Dublin outage on November 26, these backup systems ensured uninterrupted operation of key traffic signals. This investment highlights Dublin's commitment to transportation safety, innovation, and resilience.
