

City of Dublin

About The City of Dublin was incorporated in 1982 and currently has a population of approximately 50,000 residents, with more than 2,000 businesses employing approximately 19,000 people. The City of Dublin promotes and practices environmental sustainability on many levels, through energy, waste, and water quality and conservation programs. The City organizes creek cleanups, Dublin Pride week, and community outreach at the Dublin Farmer's Market and other City events. Dublin has a [Climate Action Plan](#), which includes greenhouse gas inventories for 2005 and 2010. In 2013 the City created an [Energy Action Plan](#) with the assistance of Chevron Energy Solutions.
